

ADAPTADOR SIMPLEX PARA FIBRA ÓPTICA

CONECTOR SC/APC

DESCRIPTION

SC/APC APC-SC/APC Fiber Optic Adapter, plastic housing, singlemode simplex fiber coupler, Green, flanged type Fiber optic adapter known as fiber Adaptor or Coupler, is the realization of optical fiber end face precision docking device, is a connector connection bridge. We can provide a large number of high matching and conversion adapters, including special male and female conversion fiber optic adapters.

FEATURES

- Simple, fast and reliable installation.
- Low Insertion loss.
- High Return Loss.
- Comply with Norma IEC 61755 – 1, Class B SC/APC coupler, Class 1.
- Compatible all SC SC/APC connector jumpers and pigtails pigtails.

ESPECIFICATIONS

Fiber Applicable	All Singlemode Fiber (G.652D/G.657A1/G.657A2/G.657B3/G.655)		
Polish Type	PC	UPC	APC
Insertion Loss (dB)	≤ 0.3	≤ 0.2	≤ 0.3
Return Loss (dB)	≥ 45	≥ 50	≥ 60
Interchange ability (dB)	≤ 0.2		
Repeatability (dB)	≤ 0.2		
Durability	> 1000 matings		
Operating Temp. (°C)	-40~75		
Storage Temp. (°C)	-40~75
